## Small group discussion questions

### 29 September 2019

1. God showed Moses where He was at work. Has there ever been a time when God has showed you His activity and you missed it? If so, why do you think that happen?
2. Do you presently see God at work around your life? Are you willing to respond to His invitation to adjust your life and join Him? If not, what is holding you back?
3. Do you agree or disagree with the statement? What God initiates, He always completes. Is there something that God is asking you to do but you are questioning how that will ever come to pass?
4. As a group pray for each other that you will have ears to hear God and hearts that are given over to Him in whatever He is asking you to do
5. Practical application: In your next community group meeting, be prepared to share the ways in which God showed you were He was at work. Also, be ready to share how you are going to move in obedience with what He has shown you.
