## Small group discussion questions

1. As David reflects on his life it is with praise and worship that he declares "The Lord is my shepherd". Take time to think over your life how has God been your shepherd? Share with your group instances when God lovingly and tenderly shepherded your life.
2. The Lord is my shepherd- how is God seeking to lead you during this time in your life? While you may be going through a difficult season can you trust God to shepherd you and your family through this time?
3. I shall not want- Take time as a group to read Mathew 6:25-33. As a group pray for one another especially those who are walking through seasons of doubt. Use God's word as an encouragement to one another that God truly cares for you.
