Small group discussion questions

1. Talk about a time when you lost something that was very dear to you. What did you feel like when you lost it? If you were able to recover this lost item, how did you feel when you found it?
2. We have a tendency to wander. We don't set out to intentionally wander but there are times when we realize that we are far from God. What is it that causes us to wander? What can we do to keep from wandering away from God?
3. In the sermon we read "He leads me in paths of righteousness...". God knows the right path for us. Are you at a place in your walk with God where you are seeking direction from Him? How will God lead you as you seek His direction from Him? Will God ever lead you astray to teach you a lesson?
