Launch Codes: Gather Small Group Discussion

As you meet in your community group today, consider to start by sharing some stories of past mission trips that you have been on or stories of missionaries you have read about/heard about.

Then spend time in prayer by praying for one missionary God lays on each of your hearts.

Read Jeremiah 1:4-19 together.

- 1) Some of this passage was specifically for Jeremiah. However, there are many biblical truths in this passage that apply to all of us. Discuss the powerful truths that apply to us today.
- 2) If we truly put our faith in God and trust in His word, how should we apply these truths in how we interact with our families, co-workers, classmates, neighbours and friends?

None of us are promised another day with the people around us. This may seem like a grim truth to some. But to the Christian, this is a liberating truth in that it causes us to cherish each and every day we have with those around us and should imprint a sense of urgency to share the Gospel and the love of Jesus. Pray for courage to share God's words and love with one person this week that God puts on your heart. Pray for each other and remind each other so you can share what happened next time you meet.
